

Cookie Policy

This Cookie Policy sets out how Top Tier Solutions uses cookies and other digital technologies on the www.toptiersolutionscorp.com (hereinafter "Top Tier Solutions", "we", "our" or "us").

This cookie policy sits in line with New York's Privacy Act (NYPA), the General Data Protection Regulation (GDPR) and the Privacy and Electronic Communications Directive (PECD) and should be read in line with our Privacy Policy. If you have questions or comments, please contact us.

What are cookies?

Cookies are small (temporary) text files that we transfer to your device that enable the collection of data from your device ("Cookies"). When you visit our website, these files are downloaded to the browser directory or hard drive of your computer, tablet or smartphone (hereinafter "Device"). Each time you visit our website, the cookie and the website communicate with each other and thus recognise your Device. This is useful for both you and us. For example, a cookie can be used to save your text entries in form fields on the website so that you do not have to enter the same information again the next time you visit the website. This improves the user-friendliness of our websites. We manage the cookies using a small program called a tool or tag.

We use first-party and third-party cookies. First-party cookies come from our website and send information only to us; third-party cookies are placed on our website by third parties and send information about your device to other companies that recognise that cookie. In most cases, the information in a cookie is pseudonymized or anonymized because cookies generally do not identify you as an individual, but rather your device. In a few cases, certain cookies may be linked to personal data. We will only process such information if you give us your consent or if the processing is necessary to enable you to use a certain service.

Please see our privacy policy for information on how we process personal data collected on our website.

Why does Top Tier Solutions use cookies?

Top Tier Solutions uses cookies on the website to operate the website, to measure visits to the website, to provide social media functionality and to enable advertising and targeted advertising. We use the following categories of cookies:

Essential cookies: these cookies are essential for the website to function and cannot be disabled in our systems. They are usually set in response to your actions when you request a service, such as changing your privacy settings, when you sign in or when you fill out a form. You can set your browser to notify you of these cookies or to block them. However, blocking them will cause parts of the website to stop working. These cookies do not store personally identifiable information.

Functional cookies: These cookies enable the website to provide improved functionality and personalization. They are set either by us or by third parties whose services we have added to our pages. If you do not allow these cookies, these services may not function properly.

Analytics or performance cookies: These cookies allow us to count visits and track traffic flows so that we can measure and improve the performance of our website. They help us to know which pages are most and least popular and to see how visitors move around the site. All the information these cookies collect is aggregated and therefore anonymous. If you do not allow these cookies, we will not know when you have visited our website and will not be able to monitor its performance.

Social Network Interaction and Widgets: Social network widgets, buttons and plug-ins on the website passively transmit data relating to social network members on the relevant social network. These technologies may allow a social network to personally identify its members and know the web sites its members have visited. This is always the case when social network buttons are embedded. If you are a

Cookie Policy

member of a social network or use web services in these categories, you should check the privacy policies of these services to find out what data they collect and whether the respective service offers options on how the data is collected and used. If you disable advertising cookies, the passive tracking associated with these buttons will be blocked on our website.

How can I make choices about cookies and my privacy?

You can manage your cookie settings using the setting options listed below or by configuring your browser settings. Most browsers are pre-set to accept cookies by default. However, you can configure your respective browser so that it only accepts certain cookies or not at all. You can also use your browser settings to delete cookies already stored in your browser or to have the storage period displayed. Furthermore, it is possible to set your browser to notify you before cookies are stored. Since the various browsers can differ in their respective functions, we ask you to use the respective help menu of your browser for the configuration options. Below you will find general instructions on how to manage cookies for the most popular browsers: [Google Chrome](#), [Microsoft Internet Explorer and Edge](#), [Mozilla Firefox](#), [Apple Safari](#), [Opera Web](#). If you would like a comprehensive overview of all third-party accesses to your Internet browser, we recommend that you install specially developed plug-ins for this purpose.

Lifetime of Cookies

Cookies have a lifetime. Some cookies are deleted when you close your browser. Others (for example, those with login details) can remain on your computer for years if you do not delete them. You can delete cookies at any time. Click on one of the links below to go to your browser's user manual. After deleting cookies, you may need to log in again to some websites or specify your preferences.

Cookie blocker

You can also use cookie blockers such as "DoNotTrackMe". Please note that if you refuse cookies, some functions on the website may be restricted or unavailable. We therefore recommend that you accept cookies from us and our partners in your browser settings.

What cookies does Top Tier Solutions use?

First party and third-party cookies commonly used on the Sites are listed in the table below. We strive to keep this list current and will update it accordingly. In any case, you can always manage all cookies and other tracking technologies used on the website.

Cookie	Type	Description	Lifespan
_ga	Analytics	The _ga cookie, installed by Google Analytics, calculates visitor, session and campaign data and also keeps track of site usage for the site's analytics report. The cookie stores information anonymously and assigns a randomly generated number to recognize unique visitors.	2 years
_gid	Analytics	Installed by Google Analytics, _gid cookie stores information on how visitors use a website, while also creating an analytics report of the website's performance. Some of the data that are collected include the number of visitors, their source, and the pages they visit anonymously.	1 day

Updates

We update our cookie policy from time to time. Check back regularly to stay aware of the latest version.
